

## Boulderführer

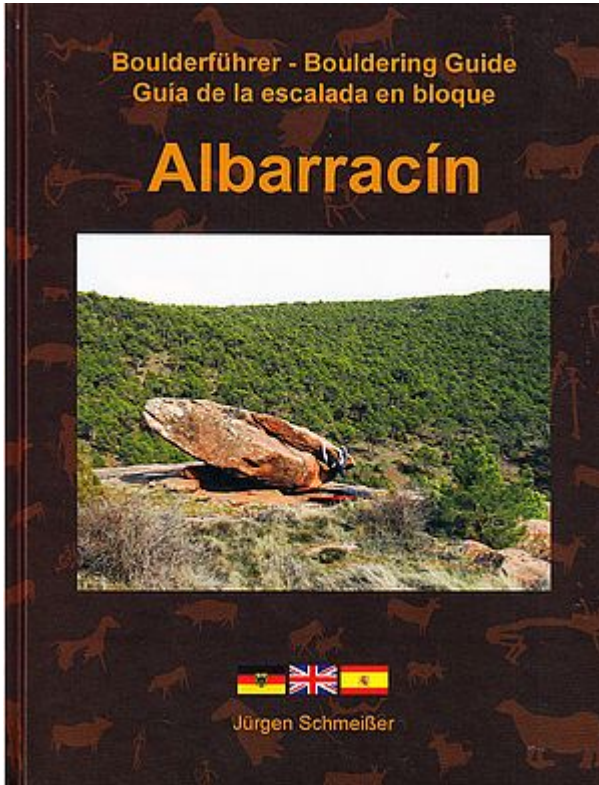

Das Bouldern - gerne als "Klettern in Absprunghöhe" beschrieben ist eine ganz eigene Art sich mit dem Klettern zu beschäftigen. Hier steht die Kletterbewegung im Vordergrund - das Unterwegssein in der Natur und in der Gruppe sind weitere wichtige Bestandteile.

Gute Bouldergebiete gibt es viele, aber Boulderführer, die diese Beschreiben schon deutlich weniger. Im folgenden sind daher erstmal alle Boulderführer alphabetisch aufgelistet, die ich gefunden habe, sortiert nach Alphabet.
